

14 January 1953

MEMORANDUM FOR: Comptroller

SUBJECT : Duplicate Allowances for Military Personnel.

1. This is in confirmation of our conversation of 13 January 1953.

2. As you know, we have some outstanding cases where military personnel have been drawing military allowances, as well as maximum CIA allowances, for their assimilated grades. In some cases at least there are obligations on the part of the Agency to make good previous commitments, if they can be accomplished legally.

3. I am anxious that we know at the earliest possible date how many of these cases there are, what the amount of money involved in each case is, and how we propose to settle the accounts.

4. Calling upon whatever other Agency components may be necessary to obtain this information, please submit to me not later than 1 February 1953 a report on this subject.
